FEBRUARY 6, 2012
NARBERTH BOROUGH COMPREHENSIVE ZONING PROJECT

1) Please describe each zone on your regulating map and give each a name?

2) What is about each zone that unifies it and sets it apart from other zones?

3) What are some of the costs or burdens your map imposes on existing land owners?

4) Where does your regulating map envision the most change and the least change?

5) Did you all agree on the map or did you make compromises? What were they?
